Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

IT'S TIME TO THINK OUTSIDE THE TIRED OLD BOX!

BE A TRUE CONSERVATIVE, CONSERVE RESOURCES, USE THE RENEWABLE RESOURCES NATURE PROVIDES IN ABUNDANCE!!

Sincerely,

Judith Smith
